LESSON 18 6th Grade --- **EXCEL**

Name _____ **Hour** _____

1. _____ Pick up a "Diagram" Excel vocab printout and follow the directions below to create a crossword puzzle on the computer.

PCs:

- Use the Eclipse Crossword Puzzle icon on your computer and create a crossword puzzle using the 8 words in the diagram AND the sentences at the bottom of the diagram.
- Print out the puzzle using the default which includes a puzzle with answers and an empty puzzle with clues.
- Give the "empty" puzzle to a classmate to complete. Remind your classmate to NOT use any worksheets for help.
- When you get the puzzle back, make sure your classmate's name is on it
- "Grade" it and put the number wrong at the top
- Write your 4-line heading on the original puzzle with answers, staple it on top of the one you "graded" and hand the puzzles in.

MACs

- Go to <http://www.puzzle-maker.com/CW/>
- Create a puzzle using the 8 words in the diagram AND the sentences at the bottom of the diagram
 - DON'T CLOSE OUT OF YOUR BROWSER UNTIL YOU ARE FINISHED PRINTING 3 pages – 2 of the puzzle 1 of the answers. Read on to see how to print:
 - When finished click on the puzzle link where you can see the puzzle as a web page. Under File Print Choose SAVE AS PDF and save to your desktop. Then go back and print out TWO copies of the puzzle and clues.
 - Go back to the link that says Click solution. Under File Print Choose SAVE AS PDF and save to your desktop. Then go back and print out 1 copy of the solution
 - Now UPLOAD to your file locker the two pdf files you have on your desktop.
- Give the "empty" puzzle to a classmate to complete. Remind your classmate to NOT use any worksheets for help.
- When you get the puzzle back, make sure your classmate's name is on it
- "Grade" it and put the number wrong at the top
- Write your 4-line heading on the original puzzle with answers, staple it on top of the one you "graded" and hand the puzzles in.

2. _____ Go to QUIA and do the L 18 Name the Parts activity for more practice. Use whatever handouts/websites you have to help you. This isn't a test. Note: If you choose "Skip exercise", you can't go back without having to do BOTH exercises over again. **Show your instructor** when you get 2 out of 2 coins collected.

3. _____ Go to QUIA and take the L 18 Name the Parts TEST (Do NOT use any handouts or other info except what is in your brain) until you get 80% or better.

4. _____ Pick up the **Rainfall Project** directions from the stacker box

5. _____ Pick up the **Drought** worksheet and complete it.

6. _____ Work on VPL (MATH – to help you get ready for the KCA tests coming up)
