DAC membership 2010-2011

## 8) Prepare Next Meeting Agenda: May 5 ?

*\*The Kansas State Assessments for the 2010-11 school year will continue to measure the current content standards. KSDE has received questions regarding assessments of the Common Core Standards in 2010-11. To date, no decision has been made to adopt the Common Core Standards in Kansas. Additionally, the Common Core Standards themselves have not been finalized. KSDE is operating under the assumption that any assessment measuring the Common Core Standards (which again are not complete and have not been adopted in Kansas) is at least four years away. KSDE is basing this assumption on recent discussions with national testing experts that comprise its Technical Advisory Council. (March 10, 2010)*
