Title I, Part A School Report Card Notification

November 21, 2025

Dear Parent,

On our district website (<https://www.usd417.org/>) you can find a link to our building report cards under the Departments tab and the student learning section. This report is required and prepared by the Kansas State Department of Education. It is to be sent to the parent or guardian of every child enrolled in a Kansas public school. The report provides information concerning student performance on the Kansas Assessment Program (KAP), as well as information on student enrollment, class size averages, and financial expenditures.

The information contained in the School Report Card is required by federal law. The report for our school may or may not have all the information described because the information presented depends on whether the school is an elementary, middle, or high school.

Federal law requires that the School Report Card display information about the state, the district, and the school. Where possible, the information must be reported by race/ethnicity and socioeconomic status of the students and must include at least two years of results.

The Federal School Report Cards can be found online at <https://ksreportcard.ksde.org/>

Please contact me if you have any questions concerning this report card. Thank you for your continued support of USD 417.

Sincerely,

Valerie Gehrler

Director of Teaching and Learning
