Dear Students and Parents,

I hope you have had a wonderful and enjoyable summer. As the school year fast approaches I want to encourage each of you to get involved in your school through the many different activity programs offered at Council Grove High School. Whether through clubs, fine arts programs or athletics; involvement in extra curricular activities has proven to be a beneficial part of the high school educational process.

Extra curricular activities provide students with the opportunity to grow and develop outside of the classroom. Through participation in extra curricular activities you can "make a difference" in yourself and your school.
