

DOING GOOD THINGS FOR GREAT KIDS!

The USD 417 Educational Enhancement Fund provides an ideal opportunity for alumni, parents, community businesses, and other supporters of our schools to make good things happen in education.

Through private, charitable bequests and lifetime giving, we can stimulate innovations in instruction. We can provide facilities and services not available through public funding. Working together, we can indeed ensure a legacy of excellence. The resources of the USD 417 Educational Enhancement Fund are being held in a special account within the Council Grove Area Foundation that qualifies

for tax-exempt contributions. As a partnership between our schools and community, the Fund facilitates private contributions of cash, products, and services to enrich the education we offer our youth. Your contribution can make a multitude of projects happen in USD 417. Contributions to the Fund benefit more than 1000 students and employees.

Many of the designated projects can serve the entire district. Donors can specify contributions for any worthwhile purpose, and special enclosure cards are available to those who wish to give friends and family a "gift that keeps on giving."

YES, I would like to underwrite excellence in USD 417 through my tax-exempt contribution of:

- Money
- Products
- Services
- Other

Select Option

- I would like this contribution to be used for:

- USD 417 may use this contribution for any project that is in need.

Ralph Mock
532 Country Lane
Council Grove, KS 66846

The following are examples where USD 417 Educational Enhancement Fund provided the means to make a difference for our children:

- **Cameras for Journalism Classes**
- **Microscopes for Biology classes**
- **Ipads**
- **Books for all Libraries**
- **Transportation to the State Capital for 7th and 8th graders**

This was made possible only because individuals, organizations and businesses in our communities cared to make a difference in the lives of our children.

You can make it happen in new and exciting ways.
