2. COVID-19 Update
 - a. 6' Social Distancing - Heather shared that all classrooms have students spaced 6' apart.
 - b. Classroom Changes - 4th grade changed classrooms with the Conference Room and Title I Room. We will move 6th grade classrooms to bigger classrooms this week.
 - c. Protocol for Positive Cases and Quarantine Procedures - We have had 1 positive COVID student case and because of our sustainable groups we only had to quarantine 4 students. This number should be lower in the future since the student desks are now 6' apart.
3. Remote Learning Update - We will be starting a new program, FLVS Global, on November 9th. This will give more fluency and depth than the current program.
4. Celebrations - ZOOM worked! *We had many several people attend the meeting tonight. *Abby mentioned that her daughter was very happy with the move to a bigger room. Heather mentioned how impressed she was that we moved classrooms and learning was not interrupted.
