These student policies are designed to prevent misunderstanding by students about their rights and responsibilities. The ideas and recommendations of students shall be considered when adopting policies, rules, and regulations governing the conduct of students and their rights and responsibilities.

All student handbooks shall be consistent with board policy, approved by the board, and adopted, by reference, as a part of these policies and regulations.

JB Attendance Records (See JBC, JBD, and JBE)

JB

Daily attendance records shall be maintained for each student in each school. The primary responsibility for recording attendance shall be assigned to teachers using forms prescribed by the superintendent. A cumulative attendance record for each student shall also be maintained.

The superintendent shall include attendance data in an annual report to the board. Attendance problems shall be reported to the board as necessary.

Approved: 08/18

KASB Recommendation-7/96; 4/07; 12/15

Resident Students

A "resident student" is any child who has attained the age of eligibility for school attendance and lives with a parent or a person acting as a parent who is a resident of the district. Children who are "homeless" as defined by Kansas law and who are located in the district will be admitted as resident students. For purposes of this policy, "parent" means the natural parents, adoptive parents, step-parents, and foster parents. For purposes of this policy, "person acting as a parent" means a guardian or conservator, a person liable by law to care for or support the child, a person who has actual care and control of the child and provides a major portion of support, or a person who has actual care and control of the child with written consent of a person who has legal custody of the child.

Non-resident Students

Non-resident students are those who do not meet the definition of a resident student. Although the district is not required to admit non-resident students, non-resident students may be admitted to the extent that staff, facilities, equipment, and supplies are available. Other criteria regarding students seeking non-resident student admittance may be considered prior to acting on any annual non-resident student application as specified in this policy, and students residing outside of the state of Kansas may be denied enrollment or continued enrollment based on out-of-state residency.

Non-resident Student Continued Enrollment

Non-resident students admitted to the district shall be evaluated each spring by district administration on the following criteria: whether the student

made academic progress; residence in the state of Kansas; regularity and punctuality of attendance; and disciplinary record, specifically whether the student complied with the student conduct code and avoided 1) major disciplinary problems and/or 2) a large number of referrals for minor disciplinary problems.

Students may be readmitted or denied admission for the next school year based on the results of these evaluations. However, if the student has a disability, the student's ability to meet these expectations shall be considered prior to denying continued enrollment in the district. Parents shall be informed of any administrative decision on non-resident student applications no later than _____.

Enrollment Restriction

Unless approved in advance by the board, no student, regardless of residency, who has been suspended or expelled from another school district will be admitted to the district until the period of such suspension or expulsion has expired.

Enrollment Procedures

The superintendent shall establish orderly procedures for enrolling all students, including pre-enrollment, changes in enrollment, normal enrollment times, and communication to parents and to the public.

Part-Time Students

Part-time students may enroll with the (board's/administration's) permission if they complete all paperwork in a timely fashion and are in attendance no later than _____. (Insert date) Part-time students may be admitted only to the extent that staff, facilities, equipment, and supplies are

available and the students follow the district's student conduct policies and rules.

Identification of Students

All students enrolling in the district for the first time shall provide required proof of identity. Students enrolling in kindergarten or first grade shall provide a certified copy of their birth certificate, a certified copy of the court order placing the child in the custody of the Secretary of the Department for Children and Families, or other documentation which the board determines to be satisfactory. Students enrolling in grades 2-12 shall provide a certified transcript, similar pupil records or data, or other documentary evidence the board deems satisfactory.

The above requirements are not to serve as barriers to immediate enrollment of students designated as homeless or foster children as required by the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA. The district shall work with the Department for Children and Families, the school last attended, or other relevant agencies to obtain necessary enrollment documentation.

If proper proof of identity is not provided within 30 days of enrolling, the superintendent shall notify local law enforcement officials as required by law and shall not notify any person claiming custody of the child.

Enrollment Information

The enrollment documentation shall include a student's permanent record card with a student's legal name as it appears on the birth certificate or as changed by a court order and the name, address, and telephone number of the lawful custodian. The records shall also provide proper proof of identity.

Assignment to a School Building, Grade Level, or Classes

Unless otherwise provided herein, the superintendent shall assign students to the appropriate building. Any student desiring to attend a school outside the attendance area in which the student resides may do so only with the prior written permission of the superintendent.

If required by law, students placed in foster care or students who are homeless may be educated in their "school of origin" instead of the building corresponding to the assigned attendance area. (For definition of "school of origin", see regulations for JBCA and JBCB.)

Assignment to a particular grade level or particular classes shall be determined by the building principal based on the educational abilities of the student. If the parents disagree, the principal's decision may be appealed to the superintendent. If the parents are still dissatisfied with the assignment, they may appeal in writing to the board.

Transferring Credit

In {middle school/junior high} and high school, full faith and credit shall be given to units earned in other accredited schools at the time the student enrolls in the district, unless the principal determines there is valid reason for not doing so. For online credit approval procedures after enrollment, see board policy IIBGB.

Transfers from Non-Accredited Schools

Students transferring from non-accredited schools will be placed by the principal. Initial placement will be made by the principal after consultation with parents or guardians and guidance personnel. Final placement shall be made by the principal based on the student's documented past educational

experiences and performance on tests administered to determine grade level placement.

Homeless Student Regulations Required by Federal and State Law

NOTE: This document **MUST** be approved by board action to become policy. File with clerk, distribute to principals, and duplicate as necessary in district newsletters and other documents.

Homeless students shall, by definition, include the following:

1. Children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals.
2. Children and youth who have a primary nighttime residence that is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings.
3. Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.
4. Migratory children who meet one of the above-described circumstances.

Enrollment/Placement (See JBC)

The district, according to the child's or youth's best interest, shall either continue the child's or youth's education in the school of origin for the duration of homelessness in any case in which: 1) a family becomes homeless between academic years or during an academic year; and 2) for the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or enroll the child or youth in any public school that nonhomeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

JBCA HOMELESS STUDENTS

School Stability

In determining the best interest of the child or youth, the district homeless student liaison shall:

- 1) presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- 2) consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth;
- 3) if, after conducting the best interest determination based on consideration of the presumption in clause (1) and the student-centered factors in clause (2), it is determined that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal such determination; and
- 4) in the case of an unaccompanied youth, ensure that the district homeless student liaison assists in placement or enrollment decisions

JBCA HOMELESS STUDENTS

under this subparagraph, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

Immediate Enrollment

The school selected shall immediately enroll the homeless child or youth, even if the child or youth:

- 1) is unable to produce records normally required for enrollment, such as previous academic records, records of immunization and other required health records, proof of residency, or other documentation; or
- 2) has missed application or enrollment deadlines during any period of homelessness.

Relevant Academic Records

The enrolling school shall immediately contact the school last attended by the child or youth to obtain relevant academic and other records.

Relevant Health Records

If the child or youth needs to obtain immunizations or other required health records, the enrolling school shall immediately refer the parent or guardian of the child or youth, or (in the case of an unaccompanied youth) the youth, to the district homeless student liaison, who shall assist in obtaining necessary immunizations or screenings, or immunization or other required health records.

Records

Any record ordinarily kept by the school, including immunization or other required health records, academic records, birth certificates, guardianship

JBCA HOMELESS STUDENTS

records, and evaluations for special services or programs, regarding each homeless child or youth shall be maintained so that the records involved are available, in a timely fashion, when a child or youth enters a new school or school district and in a manner consistent with the Family Educational Rights and Privacy Act. See policies JR through JRD.

Enrollment Disputes

If a dispute arises over eligibility, school selection, or enrollment in a school:

- 1) the child or youth shall be immediately enrolled in the school in which enrollment is sought (whether sought by the parent, guardian, or unaccompanied youth), pending final resolution of the dispute, including all available appeals;
- 2) the parent or guardian of the child or youth or (in the case of an unaccompanied youth) the youth shall be provided with a written explanation of any decisions related to school selection or enrollment made by the school, the local educational agency, or the State educational agency involved, including the rights of the parent, guardian, or unaccompanied youth to appeal such decisions; and
- 3) the parent, guardian, or unaccompanied youth shall be referred to the district homeless student liaison, who shall carry out the dispute resolution process as expeditiously as possible after receiving notice of the dispute.

JBCA HOMELESS STUDENTS

Placement Choice

The choice regarding placement shall be made regardless of whether the child or youth lives with the homeless parents or has been temporarily placed elsewhere.

Privacy

Information about a homeless child's or youth's living situation shall be treated as a student education record, and shall not be deemed to be directory information, under policy JRB.

Contact Information

Nothing shall prohibit the district from requiring a parent or guardian of a homeless child or youth to submit contact information.

Definition

The term "school of origin" means the school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool.

When the child or youth completes the final grade level served by the school of origin, the term "school of origin" shall include the designated receiving school at the next grade level for all feeder schools.

Comparable Services

Each homeless child or youth shall be provided services comparable to services offered to other students in the school selected, including:

- 1) Transportation services;
- 2) Educational services for which the child or youth meets the eligibility criteria, such as services provided under title I of the

Housing Assistance

If applicable, the district shall coordinate with state and local housing agencies responsible for developing the comprehensive housing affordability strategy to minimize educational disruption for children and youths who become homeless.

The coordination required shall be designed to:

- 1) ensure that all homeless children and youths are promptly identified;
- 2) ensure that all homeless children and youths have access to, and are in reasonable proximity to, available education and related support services; and

JBCA HOMELESS STUDENTS

- 3) raise the awareness of school personnel and service providers of the effects of short-term stays in a shelter and other challenges associated with homelessness.

Homeless Children and Youths With Disabilities

For children and youths who are both homeless and eligible for services under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), the district shall coordinate the provision of services under these regulations with the provision of programs for children with disabilities served by the district and other involved local educational agencies.

District Homeless Student Liaison

The board designates the following individual to act as the district's homeless student liaison: Curriculum Director, 17 S Wood Street, Council Grove, KS 620-767-5192. - 7) enrollment disputes are mediated in accordance with these regulations;
- 8) the parent or guardian of a homeless child or youth, and any unaccompanied youth, is fully informed of all transportation services, including transportation to the school of origin, and is assisted in accessing transportation to the school that is selected;

JBCA HOMELESS STUDENTS

10) unaccompanied youths:

- a. are enrolled in school;**
- b. have opportunities to meet the same challenging state academic standards as Kansas establishes for other children and youth; and**
- c. are informed of their status as independent students under federal law regarding student financial assistance for higher education acquisition and that the youths may obtain assistance from the district homeless student liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid.**

The liaison shall also work with the state coordinator for education of homeless children and youth to request and receive needed technical assistance and monitoring to ensure the district complies with federal and state law regarding homeless students. Similarly, the liaison will coordinate with the state coordinator in order to provide professional development opportunities for district personnel to aid them in identifying and meeting the needs of homeless children and youths and will respond to inquiries from parents, guardians, and homeless children and youths to ensure they are provided with the full protection of the law and services they are due.

Notice

The district shall inform school personnel, service providers, advocates working with homeless families, parents and guardians of homeless children and youths, and homeless children and youths of the duties of the district homeless

JBCA HOMELESS STUDENTS

student liaison, and publish annually updated contact information for the liaison on the district's website.

Local and State Coordination

The district homeless student liaison, as a part of assigned duties, shall coordinate and collaborate with state coordinators, the community, and school personnel responsible for the provision of education and related services to homeless children and youths. Such coordination shall include collecting and providing to the state coordinator the reliable, valid, and comprehensive data.

Homeless Status

The district homeless student liaison may affirm, without further agency action by the Department of Housing and Urban Development, that a child or youth who is eligible for and participating in a program provided by the district, or the immediate family of such a child or youth, who meets the eligibility requirements, is eligible for such program or service.

Dispute Resolution Process

A complaint regarding the placement or education of a homeless child or youth shall first be presented orally and informally to the district's homeless student liaison. If the complaint is not promptly resolved, the complainant may present a formal written complaint (grievance) to the homeless student liaison. The written complaint must include the following information: date of filing, description of concerns, the name of the person or persons involved, and a recapitulation of the action taken during the informal charge stage. Within five (5) working days after receiving the complaint, the liaison shall state a decision in writing to the complainant, with supporting evidence and reasons. In

JBCA HOMELESS STUDENTS

addition, the liaison will inform the superintendent of the formal complaint and the disposition.

Transportation (See EDAA, JBC and JGG)

If it is in the best interest of the homeless child or youth to attend the school of origin, transportation to and from that school will be provided at the request of the parent or guardian or, in the case of an unaccompanied youth, the homeless student liason. If the student's temporary housing is outside the attendance area of the school of origin, then the district will work with the school of origin to agree on a method to apportion the responsibility and costs for transporting the child. If an agreement cannot be reached, the costs will be shared equally.

KASB Recommended Regulation – 7/03; 4/07; 12/16

The district, in accordance with state and federal law and the Kansas state plan, will ensure that students placed in foster care within the school district have access to a public education in a stable educational environment. For the purposes of this policy and its applicable regulations, “foster care” means 24-hour substitute care for children placed away from their parents and for whom a child welfare agency has placement and care duties.

Point of Contact

The board shall designate an employee to serve as a point of contact for child welfare agencies on behalf of the district.

Approved: January 9, 2017

KASB Recommendation – 12/16

Foster Care Student Regulations

To Aid In Implementation of Federal Law

NOTE: This document MUST be approved by board action to become policy. File with clerk, distribute to principals, and duplicate as necessary in district newsletters and other documents.

The Every Student Succeeds Act ("ESSA") addresses additional protections for students in foster care and establishes a system of joint responsibility for school districts, the Kansas State Department of Education ("KSDE"), and the Kansas Department for Children and Families ("DCF") to ensure the educational stability of students in foster care.

For the purposes of these regulations, "foster care" means 24-hour substitute care for children placed away from their parents and for whom a child welfare agency has placement and care duties. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child-care institutions, and pre-adoptive homes.

Transportation of Students in Foster Care

ESSA requires each Kansas school district to collaborate with child welfare agencies, such as DCF and tribal child welfare agencies, to develop and implement clear, written procedures for how transportation to maintain a student in foster care in his or her school of origin (when in the student's best interest) will be provided, arranged, and funded. The procedures must ensure that the transportation will be provided promptly, in a cost-effective manner, and in accordance with federal law. Also, they must address how additional costs will

JBCB FOSTER CARE STUDENT REGULATIONS

be absorbed. Therefore, if there are any additional costs incurred to maintain a foster care student in his or her school of origin, the district will provide the transportation if:

1. DCF agrees to reimburse the district for the additional costs;
2. The district agrees to pay the additional costs; or
3. DCF and the district split the additional costs.

Upon request, the district will provide an assurance to KSDE that the district has transportation procedures meeting the above requirements.

Additional Costs

“Additional costs” reflect the difference between what the district would spend to transport a student to the assigned school and the cost of transporting a student in foster care to his or her school of origin. Title I, Part A funds may be used to pay for additional transportation costs in Title I districts.

School of Origin

The “school of origin” is the school in which a student is enrolled at the time of placement in foster care or of a change in placement. A student in foster care is entitled to remain enrolled in his or her school of origin unless it is determined not to be in the student’s best interest to stay at that school.

Best-Interest Determination

DCF will make the final decision regarding whether it is in a student’s best interest to remain in the school of origin. District staff may be asked to provide information on the “educational best interest” of the student to support educational decision-making based on what is best for the student academically. For students receiving special education and related services under the Individual with Disabilities Education Act or for students on Section 504

JBCB FOSTER CARE STUDENT REGULATIONS

accommodation plans, it is recommended that relevant team members should be consulted in the best interest determination process, as the district will still be required to ensure compliance with Least Restrictive Environment requirements.

The United States Department of Education has provided a list of factors that may be considered in determining the student's educational best interest, which include appropriateness of the current setting, proximity of placement to school attendance centers, the child's preference, the parents' preference, the child's attachment to the school of origin, where siblings will be placed, and the availability of needed services. The "best-interest determination" may not be made based on transportation costs or funding.

District Foster Care Liaison

The "district foster care liaison" is a district employee who facilitates the enrollment in or transfer to a public school of a student in the district who is a ward of the state. The district's foster care liaison is considered the designated point of contact for collaboration with DCF on transportation procedures.

The District has designated the following staff person as the District foster care liaison:

JBCB FOSTER CARE STUDENT REGULATIONS

Child Welfare Agency.

In Kansas, DCF is the regular child welfare agency for collaboration on transportation procedures. The Child Protective Services ("CPS") division of DCF will typically be the division that works with the district on issues related to students in foster care, however, tribal child welfare agencies may also be involved with this process. Therefore, whenever DCF is used in these regulations, it may be deemed to apply to any child welfare agency based on the circumstances.

Child Welfare Contact

The district, if receiving Title I, Part A funds, must collaborate on transportation procedures with the DCF-designated contact if DCF notifies the district in writing that DCF has designated an employee to serve as a point of contact for the district.

When a student is absent from school an attempt shall be made to contact the parent or guardian to determine the reason for the absence. The principal has been designated to determine the acceptability and validity of excuses presented by the parent(s) or the student.

Procedures for notifying parents on the day of a student's absence shall be published in the student handbook.

Excused/Unexcused Absences

The definition of "excused absence" includes the following:

Significant Part of a School Day

Unless reporting would violate the terms of any memorandum of understanding between the district and the authority to which reports would be made. The building principal (or ____) shall report students who are inexcusably absent from school to the appropriate authority.

Truancy is defined as any three consecutive unexcused absences, any five unexcused absences in a semester, or seven unexcused absences in a school year, whichever comes first. Prior to reporting to either the Department for Children and Families (if the student is under 13) or the county or district attorney (if the student is 13 or more years of age but less than 18 years of age), a letter shall be sent to the student's parent(s) or guardian notifying them that the student's failure to attend school without a valid excuse shall result in the student being reported truant.

Waiver of Compulsory Attendance Requirements

Students 16 or 17 years of age may be exempt from compulsory attendance regulations if the parent(s) or person acting as parent attend(s) the counseling session required by law and signs the appropriate consent and waiver form; if the student earns a GED; or if the student is exempt from compulsory attendance requirements pursuant to a court order.

Involvement of Law Enforcement

Law enforcement officers may return truant children to the school where the child is enrolled, to the child's parent or guardian, or to another location designated by the board to address truancy issues.

Reporting to Parents

If a truant child is returned to school by a law enforcement official, the principal shall notify the parent or guardian.

Building administrators, school security officers, and/or others designated by the superintendent may conduct investigations and question students about violation of school rules, the student conduct code, and/or law. Unless otherwise provided herein, such investigators shall not be required to contact the student's parent, guardian, or representative prior to questioning and may request law enforcement, school resource officer(s), and/or school security officer(s) for assistance in conducting the investigations.

If there is reason to believe a violation of a criminal law has been committed, the building administrator, the superintendent's designee, and/or school security officer with authorization of the superintendent or the superintendent's designee shall notify the appropriate law enforcement agency of criminal conduct as provided in law and/or board policy and may request further investigation of the alleged violation.

When a school resource officer or campus police officer initiates an investigation of a potential violation of criminal law by a student on the officer's own initiative and not at the behest of a building administrator or the designee of the superintendent, such officer will notify the building administrator and will make a reasonable attempt to contact the student's parent, guardian, or representative prior to initiating questioning.

Coordination with Law Enforcement

School administrators and/or school security officers shall/may meet periodically with local law enforcement officials to discuss the district's policies and rules regarding law enforcement contacts with the district.

Notification of Investigations Conducted by Law Enforcement Officers

When law enforcement officers initiate an investigation involving questioning of a student on a topic unrelated to a report of child abuse or neglect or to the identity of the student during school hours, the building administrator shall make a reasonable attempt to contact a parent, guardian, or representative of the student(s) prior to such questioning. Notification or attempted notification of a parent, guardian, or representative shall be documented by the administrator involved. If a student's parent, guardian, or representative is not present during such questioning of a student, the principal may be present unless otherwise specified in law or board policy.

Child Abuse and Identity Investigations Conducted by Law Enforcement Officers

The administration shall cooperate with law enforcement officers who are conducting investigations of suspected child abuse or neglect or concerning the student's identity. For any investigations concerning known or suspected child abuse or neglect, school staff shall follow the procedures outlined in board policy GAAD instead of the requirements of this policy.

Law Enforcement Initiated Investigations at School

In cases not involving the investigation of known or suspected child abuse or neglect or involving the student's identity, law enforcement officers shall not be permitted to initiate and conduct investigations involving the questioning of students during school hours unless the student's parent or guardian has given the school permission to allow the questioning, a valid warrant has been presented to the building administrator for such purpose, or in

demonstrated emergency situations. If a demonstrated emergency is found, the building administrator shall require identification of law enforcement officials and reasons for the interrogation or investigation of a student. If the building administrator is not satisfied with either the identification or the reason, the request shall not be granted. The building administrator shall attempt to notify the superintendent and the officer's superiors of the reasons for the refusal.

Taking Students Into Custody

Students shall not be voluntarily released by school officials to law enforcement authorities unless the student has been placed under arrest or taken into custody by law enforcement, school resource officers, campus police officers, or Department for Children and Families ("DCF") authorities pursuant to a child abuse investigation. Except as otherwise specified in this policy, a reasonable effort shall be made to notify the student's parent, guardian, or representative when students are removed from school for any reason. Parents shall not be notified by school officials when their child is taken into custody by DCF, school resource officers, campus police officers, and/or law enforcement as a result of allegations of abuse or neglect. Except as provided above and/or as specified in a court order or arrest warrant, if a student is taken into custody by a law enforcement officer, school resource officer, or campus police officer, building administrators shall make a good-faith effort to contact the student's parent or guardian. Notification efforts shall be documented.

When a student has been taken into custody or arrested on school premises without prior notification to the building administrator, the school

staff present shall ask the law enforcement officer to notify the building administrator of the circumstances as quickly as possible and shall themselves contact the building administrator with any information they have regarding the child being taken into custody. School resource officers and campus police officers are expected to contact the building administrator as soon as practicable after taking a student into custody.

Disturbance of School Environment

Law enforcement officers may be requested to assist in controlling disturbances at school and, if necessary, to take students or other persons into custody.

JGEC Sexual Harassment (See GAAC, GAAD, GAF, JDDC and KN) JGEC

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination on the basis of sex, including sexual harassment. The district does not discriminate on the basis of sex in admissions, employment, or the educational programs or activities it operates and is prohibited by Title IX from engaging in such discrimination. Discrimination on the basis of sex, including sexual harassment, will not be tolerated in the school district. Discrimination on the basis of sex of employees or students of the district in any district education program or activity is strictly prohibited.

Sexual harassment is unlawful discrimination on the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Act Against Discrimination. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs, or events within the United States.

It shall be a violation for any employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Sexual harassment shall include conduct on the basis of sex involving one or more of the following: (1) A district employee conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcomed sexual conduct; (2) unwelcomed conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's educational program or activity; or (3) sexual assault, dating violence, domestic violence, or stalking.

Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to: verbal harassment or abuse of a sexual nature; pressure for sexual activity; repeated remarks to a person with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning a student's grades, participation in extracurricular activities, etc.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. Complaints of sexual harassment will be promptly investigated and resolved. Any person may make a verbal or written report of sex discrimination by any means and at any time.

Superintendent Aron Dody (17 Wood St, Council Grove, KS 66846; adody@cgrove417.org; 620-767-5192) has been designated to coordinate compliance with nondiscrimination requirements contained in Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964 regarding discrimination on the basis of sex, and the Kansas Act Against Discrimination. Information concerning the provisions of these Acts, and the rights provided thereunder, are available from the Title IX Coordinator. Inquiries about the application of Title IX to the district may be referred to the Title IX Coordinator; to the Assistant Secretary for Civil Rights at the U.S. Department of Education, Office of Civil Rights, 400 Maryland Avenue, SW, Washington D.C. 20202-1100, (800)421-3481, or at OCR@ed.gov; or both.

Response to Harassment Complaints

The district takes all reports of sexual harassment seriously and will respond meaningfully to every report of discrimination based on sex, including sexual harassment, of which the district has actual knowledge. Any students who believe that he or she has been subjected to sexual harassment should report the alleged harassment to the building principal, another administrator, the guidance counselor, the Title IX Coordinator, or another licensed staff member. All employees receiving reports of sexual harassment from a student shall notify the Title IX Coordinator.

Definitions

The following definitions apply to the district in responding to complaints of sexual discrimination including sexual harassment as defined by Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Act Against Discrimination.

The “complainant” means an individual who is alleged to be a victim of conduct that could constitute sexual harassment.

“Dating violence” means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved.

The “decision-maker” reviews all the evidence and prepares an impartial written responsibility determination as to whether the alleged conduct occurred and provides an opportunity for the parties and their representatives to

prepare written questions to be answered by the other party. The decision-maker shall not be the Title IX Coordinator or investigator.

“Domestic violence” includes crimes of violence committed by a person who is a current or former spouse, partner, person with whom the victim shares a child, or who is or has cohabited with the victim as a spouse or partner, by a person similarly situated to a spouse of the victim under Kansas or applicable federal law, or by any other person against an adult or youth victim having protection from such person’s acts by Kansas or applicable federal law.

A “formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment.

The “investigator” is the person who carries out the investigation after the formal complaint is filed and conducts interviews of the witnesses, collects and documents evidence, and drafts an investigative report.

A “respondent” is an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual assault” means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

“Stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or to suffer substantial emotional distress.

The “Title IX Coordinator” is the individual designated at the district level who has responsibility to coordinate compliance with Title IX of the Edu

cation Amendments of 1972, Title VII of the Civil Rights Act of 1964 regarding discrimination on the basis of sex, and the Kansas Act Against Discrimination. The Title IX Coordinator's responsibilities include, but are not limited to: developing materials and ensuring professional development occurs for staff involved in Title IX compliance, creating systems to centralize records, gathering relevant data, contacting the complainant (and/or parents or guardians, if applicable) once the district has actual knowledge of alleged sexual harassment, coordinating the implementation of supportive measures, signing a formal complaint to initiate a grievance process, and ensuring any remedies are implemented.

The Title IX Coordinator, any investigator, decision-maker, or any person who facilitates an informal resolution process shall not have a conflict of interest or bias for or against the complainant or respondent. These individuals shall receive training on the definition of sexual harassment; the scope of the education program and activities; how to conduct an investigation, including appeals and informal resolution processes; and how to serve impartially, including avoiding prejudgment of the facts, conflicts of interest, and bias. Decision-makers shall receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. Investigators shall receive training on issues of relevance of questions and evidence in order for them to create investigative reports that fairly summarize relevant evidence.

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to their immediate supervisor, building administrator, or Title IX

Coordinator. Employees who fail to report complaints or incidents of sexual harassment to appropriate district officials may face disciplinary action. District officials who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable student conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness, and persistence. Behaviors which are unacceptable but do not constitute harassment may provide grounds for discipline under the code of student conduct.

If discrimination or harassment has occurred, the district will take prompt, remedial action to stop it and prevent its reoccurrence.

The Title IX Coordinator shall promptly respond in a meaningful way to any reports of sexual discrimination including sexual harassment of which the district has actual knowledge as follows:

- Contact the complainant within 10 business days and discuss the availability of supportive measures, with or without the filing of a formal complaint, and consider the complainant's wishes as to supportive measures; and
- Inform the complainant of the right to a formal complaint investigation consistent with Title IX and the informal resolution process.

Supportive Measures

The district will treat the complainant and respondent equitably by offering supportive measures. These non-disciplinary and non-punitive measures will be offered as appropriate, as reasonably available, and without cost to the complainant or the respondent. Supportive measures are designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party. “Supportive Measures” shall include, but not be limited to, measures designed to protect the safety of all parties, to protect the district’s educational environment, or to deter sexual harassment. These measures may include counseling, extensions of deadlines or course-related adjustments, modifications of work or class schedules, escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring, and other similar measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

The Formal Complaint

No investigation of alleged sexual harassment may occur until after a formal complaint has been filed.

A formal complaint is a document filed by the complainant or signed by the Title IX Coordinator alleging sexual harassment and requesting an investigation. The procedures for filing a formal complaint are as follows:

- At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the district concerning which the formal complaint is filed.

- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. Filing of the complaint with the Title IX Coordinator may be done in person, by mail, or by email. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved, the Title IX Coordinator may initiate the complaint. Forms for filing written complaints are available in each school building office and the central office.
- A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 calendar days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.
- An investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by a qualified individual designated by the Title IX Coordinator or another individual appointed by the board. The investigation shall be thorough. All interested persons, including the complainant and the respondent, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.

Formal Complaint Notice Requirements

Upon filing of a formal complaint, the district shall provide written notice to the known parties including:

- Notice of the allegations of sexual harassment including sufficient details to prepare a response before any initial interview including:
 - the identities of the parties involved, if known;
 - the conduct allegedly constituting sexual harassment; and
 - the date and location of the alleged incident, if known.
- An explanation of the district's investigation procedures, including any informal resolution process;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
- Notice to the parties they may have an advisor of their choice and may inspect and review any evidence; and
- Notice to the parties of any provision in the district's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the investigator decides to investigate allegations about the complainant or respondent that are not included in the notice initially provided, notice of the additional allegations shall be provided to known parties.

Formal Complaint Investigation Procedures

To ensure a complete and thorough investigation and to protect the parties, the investigator shall:

- Ensure that the preponderance of the evidence burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the district and not the parties;
- Provide an equal opportunity for the parties to present witnesses and evidence;
- Not restrict either party's ability to discuss the allegations under investigation or to gather and present relevant evidence;
- Allow the parties to be accompanied with an advisor of the party's choice;
- Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party is expected to participate;
- Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint, including the investigative report, and the opportunity to respond to that evidence before a determination is made;
- Be impartial and objectively evaluate all relevant evidence without relying on sex stereotypes;
- Not have conflicts of interest or bias for or against complainants or respondents;
- Not make credibility determinations based on the individual's status as complainant, respondent, or witness.

Formal Complaint Investigation Report

The investigator shall prepare an investigative report that fairly summarizes relevant evidence and share the report with the parties and their advi-

sors for review and response.

Before completing the investigative report, the investigator must send each party and their advisors the investigative report for review and allow the parties 10 days to submit a written response for the investigator's consideration.

Decision-Maker's Determination

Upon receiving the investigator's report, the decision-maker must make a determination regarding responsibility and afford each party the opportunity to submit written, relevant questions that the parties want asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence. The decision-maker's written determination shall:

- Identify the allegations potentially constituting sexual harassment;
- Describe the procedural steps taken, including any notifications to the parties, site visits, methods used to gather evidence, and interviews;
- Include the findings of fact supporting the determination;
- Address any district policies and/or conduct rules which apply to the facts;
- A statement of, and rational for, the result as to each allegation, including a determination regarding responsibility; and
- The procedures and permissible bases for the complainant and/or respondent to appeal the determination.

The written determination may, but is not required to, recommend disciplinary sanctions and any remedies designed to preserve access to the educational program or activity that may be provided by the district to the complainant.

A copy of the written determination shall be provided to both parties simultaneously.

The range of disciplinary sanctions and remedies may include, but may not be limited to, supportive measures, short term suspension, long term suspension, expulsion for students, and/or termination for employees. Complainants and respondents shall be treated equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made. The Title IX Coordinator is responsible for the effective implementation of any remedies. If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.

If the investigation results in a recommendation that an employee be suspended with or without pay or terminated, procedures outlined in board policy, the negotiated agreement (as applicable), and/or state law will be followed.

Records relating to complaints filed and their resolution shall be maintained by the Title IX Coordinator for seven years.

The decision becomes final on the date the parties receive the results of an appeal, if any appeal is filed; or on the date the opportunity for an appeal expires.

Appeals

The complainant or respondent may appeal the decision-maker's determination regarding responsibility or a dismissal of a formal complaint, on the following bases:

- Procedural irregularity that affected the outcomes;
- New evidence that was not reasonably available at the time that could affect the outcome; and/or
- The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias against either party that affected the outcome.

The request to appeal shall be made in writing to the Title IX Coordinator within 10 days after the date of the written determination. Appeals shall be a review of the record by an attorney, an independent hearing officer appointed by the board, or the board. The appeal decision-maker may not be the Title IX Coordinator, the Investigator, or the decision-maker from the original determination.

The appeal decision-maker will issue a written decision within 30 days after the appeal is filed. The appeal decision-maker will describe the result of the appeal and the rationale for the result.

The appeal decision-maker shall:

- Review the evidence gathered by the investigator, the investigator's report, and the original decision-maker's determination;
- Notify both parties in writing of the filing of an appeal and give an opportunity to submit further evidence in writing;

- Not have a conflict of interest or bias for or against complainant or respondent and receive the required training;
- Issue a written decision and the rationale for the decision within 30 days after the appeal is filed;
- Describe the result of the appeal and the rationale for the result in the decision; and
- Provide the written decision simultaneously to both parties and to the Title IX Coordinator.

Informal Resolution Process

At any time during the formal complaint process and prior to reaching a determination regarding responsibility, the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility.

The informal resolution process may be facilitated by a trained educational professional, consultant, or other individual selected by the Title IX Coordinator under the following conditions:

- The parties are provided a written notice disclosing the allegations, the requirements of the informal resolution process, and information on when it may preclude the parties from resuming a formal complaint arising from the same allegations;
- At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process, resume the investigation of the formal complaint, and be informed of any consequences resulting from participating in the informal resolution process;

- The parties voluntarily and in writing consent to the informal resolution process; and
- The informal resolution process cannot be used to resolve allegations that an employee sexually harassed a student.

If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the proposed resolution, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. Within 20 days after the complaint is resolved in this manner, the Title IX Coordinator shall contact the complainant to determine if the resolution of the matter remains acceptable. If the matter is not resolved, or if the individual does not believe the resolution remains acceptable within 20 days after the informal resolution document is executed, the individual or the Title IX Coordinator may proceed with the formal complaint process.

If discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence. The district prohibits retaliation or discrimination against any person for opposing discrimination, including harassment; for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or appeal.

Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies, including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.

The filing of a complaint or otherwise reporting sex discrimination including sexual harassment shall not reflect upon the individual's status or

grades. Any act of retaliation or discrimination against any person who has filed a complaint or testified, assisted, or participated in any investigation, proceeding, or hearing involving sex discrimination, including sexual harassment, is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including expulsion for a student or termination of employment for an employee.

False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and the complaint procedures including how to report or file a formal complaint of sex discrimination or sexual harassment shall be posted in each district facility shall be published in student handbooks, and on the district's website as directed by the Title IX Coordinator. Notification of the policy may include posting informational notices, publishing in local newspapers, publishing in newspapers and magazines operated by the school, or distributing memoranda or other written communications to students and employees. In addition, the district is required to include a statement of nondiscriminatory policy in any bulletins, announcements, publications, catalogs, application forms, or other recruitment materials that are made available to participants, students, applicants, or employees.

6/21

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination, including harassment, on the basis of race, color, national origin, or disability. Discrimination or harassment on the basis of race, color, or national origin (“racial harassment”) or on the basis of disability (“disability harassment”) shall not be tolerated in the school district. Racial or disability harassment of employees or students of the district in any district education program or activity is strictly prohibited.

Racial harassment is unlawful discrimination on the basis of race, color or national origin under Titles VI and VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. Disability harassment is unlawful discrimination on the basis of disability under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. All forms of racial or disability harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events.

It shall be a violation for any employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Prohibited conduct under this policy includes racially or disability-motivated conduct which:

- Affords a student different treatment, solely on the basis of race, color, national origin, or disability, in a manner which interferes with or limits the ability of the student to participate in or benefit from the services, activities or programs of the school;
- Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of creating a hostile academic environment; or

- Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of interfering with a student's academic performance or ability to participate in or benefit from the services, activities or programs of the school.

Racial or disability harassment may result from verbal or physical conduct or written graphic material.

The district encourages all victims of racial or disability harassment and persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints of racial or disability harassment and take prompt corrective action to end the harassment.

Any student who believes he or she has been subject to racial or disability harassment or has witnessed an act of alleged racial or disability harassment, should discuss the alleged harassment with the building principal, another administrator, the guidance counselor, or another certified staff member. Any school employee who receives a complaint of racial or disability harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district compliance coordinator. The building principal shall discuss the complaint with the student to determine if it can be resolved. If the matter is not resolved to the satisfaction of the student in this meeting, the student may initiate a formal complaint under the district's discrimination complaint procedure in policy KN.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes racial or disability harassment under the definition outlined above. Unacceptable student

conduct may or may not constitute racial or disability harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable but do not constitute harassment may provide grounds for discipline under the code of student conduct. The discipline of a student for violation of any provision of the code of student conduct may be enhanced if the conduct is racially or disability motivated.

If discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence.

An employee who witnesses an act of racial or disability harassment shall report the incident to the building principal. Employees who fail to report complaints or incidents of racial or disability harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of racial or disability harassment may also face disciplinary action.

When a complaint contains evidence of criminal activity or child abuse, the compliance coordinator shall report such conduct to the appropriate law enforcement or DCF authorities.

To the extent possible confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

The filing of a complaint or otherwise reporting racial or disability harassment shall not reflect upon the student's status or grades. Any act of retaliation or discrimination against any person who has filed a complaint or testified, assisted, or participated in any investigation, proceeding, or hearing

involving a racial or disability harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including expulsion for a student or termination of employment for an employee.

False or malicious complaints of racial or disability harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy shall be posted in each district facility and shall be published in student handbooks and on the district's website as directed by the district compliance coordinator. Notification of the policy shall be included in the school newsletter or published in the local newspaper annually, if applicable.

JGFG Student Accidents and Health Emergencies**JGFG**

When a staff member becomes aware that a student has been involved in an accident or is in need of emergency care at school, on school property, or at a school-sponsored activity, the staff member shall follow the rules for the care of an injured student and shall report the accident to the building principal. If a student has an accident which appears to require medical treatment, an employee shall send for medical help and try to make the student as comfortable as possible while waiting for medical assistance to arrive.

When appropriate, the student's parent(s) shall be notified of the student's condition as soon as possible to determine appropriate action. If the student needs medical attention, and the parents cannot be reached, the principal shall seek emergency medical treatment.

Emergency Care

At the scene of an emergency or accident when medical help is not readily available to assist in the care of an injured student, an employee may render emergency care or assistance, including, but not limited to, first aid, as deemed reasonably necessary until medical help arrives. Kansas law provides protection from civil liability for any person who, in good faith and without compensation, renders emergency care or assistance to any person, including a minor without first obtaining the consent of the parent or guardian of such minor, at the scene of an emergency or accident. However, this protection does not extend to individuals whose acts or omissions in rendering emergency care in these circumstances were grossly or wantonly negligent.

Diagnosis and treatment of illness and the prescribing of drugs and medicines are not the responsibility of the public schools and are not to be practiced by any school personnel, including school nurses, unless authorized.

In certain circumstances when medication is necessary in order that the student remain in school, the school may cooperate with parents in the supervision of medication that the student will use. However, the medical person authorized to prescribe medication or the parent if it is a non-prescription medication must send a written order to the building administrator who may supervise the administration of the medication or treatment. The parents must submit a written request to the building administrator requesting the school's cooperation in such supervision and releasing the school district and personnel from liability.

School personnel shall not be required to be custodians of any medication except as required by a written order of a licensed medical person or in the case of nonprescription medication when requested in writing by the parents.

Over-the-counter medications should not be maintained on any school premises, including athletic areas, unless written parent permission to administer is obtained.

The building administrator may choose to discontinue the administration of medication provided that the parents or medical person are notified in advance of the date and the reasons for the discontinuance.

After medication is administered, students should be observed for possible reactions to the medication. This observation may occur at the site of administration or in the classroom as a part of the normal routine.

This policy shall be shared with all local physicians and dentists where practicable. Forms should also be made available to the health care providers in the community.
