The mileage rate to be as established by the Secretary of Administration of the State of Kansas as of July 1 of the current contract year. Payment for travel expenses must be for travel approved in advance by the Board of Education or their authorized representative.

ARTICLE V FRINGE BENEFITS

A. Group Health Insurance

The Board of Education shall establish and maintain a group health insurance plan for USD 417 licensed employees covered by this Agreement. The Board of Education shall pay an amount equal to the annual premium of a single health insurance membership for each full-time licensed employee toward the monthly premium for a single health insurance policy. The Board shall provide plan information to explain the plan benefits. The Board's contribution will be prorated for those licensed employees employed less than full-time.

In the event a husband and wife are both employed by USD #417, the amount contributed by the Board toward the two single memberships may be applied toward an employee/spouse plan or a family plan. In no case will the Board contribution exceed the plan amount. Licensed employees not participating in the group health insurance plan will not receive a cash option.

The specific benefits provided by such group medical insurance plan shall be reviewed by a health insurance benefits advisory committee comprised of two board members, two administrators, three teachers, and one classified employee who shall make written recommendations regarding benefits to the

Association and the Board, or its designated representative. All members of the advisory committee, excluding the two board members, shall be employees who are enrolled in the Board provided insurance plan.

If the board receives notice of any of the following conditions from the district's health insurance provider:

- a. notice of change in premium rates to a level deemed excessive by the board,
- b. notice of unilateral modification of current coverage, or
- c. notice the provider will cease issuing present coverage,

then, the Board will notify the Association and the health insurance benefits advisory committee immediately of those conditions. Within ten (10) business days of the Board's, Association's, and health insurance benefits advisory committee's notifications of the conditions, then the committee will make recommendations regarding benefits to the Associations and the Board. Upon receipt of such recommendations, the Association and the Board's designated representative shall meet within five (5) business days for the purpose of reaching agreement on the benefits to be provided by the group health insurance plan.

If the Board's designee and the Association are unable to reach agreement on the benefits to be provided, then, in that event, the recommendations of the health insurance benefits advisory committee shall be adopted as the benefits to be provided by the school district's group health insurance plan. In the event the committee makes no recommendations to the Association and the Board's designated representative within ten (10) business days, then the Board shall have the right to take such action regarding such group medical insurance plan as it deems in the best interest of its employees.

Under unusual circumstances, the time limits prescribed in this statement may be extended or reduced by mutual consent of the grievant and the person or persons by whom his grievance is being considered.

Level 1. A grievant shall first take up his grievance with his immediate administration superior in private informal conference(s). Every effort shall be made to adjust the grievance in an informal manner.

If the employee is dissatisfied with the outcome of the initial private conference(s), he may request a formal conference with his immediate supervisor. Every effort should be made to develop an understanding of the facts and the issues in order to create a climate which will lead up to a solution. The formal conference shall occur within ten (10) school days of the last informal conference.

Level 2. In the event that the grievant is not satisfied with the disposition of his grievance at Level 1, or in the event that no decision is reached within ten (10) school days after the presentation of the grievance, he may appeal the matter in writing to the Superintendent of Schools.

If the grievant appeals the grievance to the Superintendent, the Superintendent or his representative shall confer with the grievant in an effort to arrive at a satisfactory solution within ten (10) days after the appeal has been received by the Superintendent. If the grievant does not appeal the grievance to the Superintendent within thirty (30) school days after the formal conference at Level 1, the appeal of the grievance shall automatically be waived.

Level 3. If the grievance is not adjusted to the satisfaction of the grievant or if no decision is made thereon within twenty (20) school days after the date the grievance was filed with the Superintendent or his designated representative under Level 2, then the grievant may appeal the grievance to the Board of Education for the purpose of final adjustment of the grievance by submitting a written request to the Clerk of the Board within ten (10) school days after the Superintendent or his designated representative has rendered a decision or after the expiration of said twenty (20) school days.

The Board of Education shall, within forty-five (45) calendar days after receipt of the written request, meet and confer with the grievant and render a decision to be submitted to the grievant in writing which will be the final disposition of the grievance.

D. SUPPLEMENTAL CONDITIONS:

2. Upon the final determination of the grievance, all documents, communications and records dealing with the processing of a grievance will be filed in a separate grievance file and will not be kept in the personnel file of any of the participants.
3. At each step of the procedure for adjusting grievances after the initial private conference(s) with his immediate administrative superior, the grievant shall be entitled to be accompanied by others who might contribute to the acceptable adjustment of the grievance and/or to be represented by legal counsel.

4. All grievance hearings shall be confidential.
5. All discussions and hearings shall be conducted at times other than when school is in session.
6. It is the responsibility of the grievant to utilize the procedure for adjusting grievances as soon as he is aware of a grievance.
7. Excluded from the grievance procedure shall be matters for which law mandates another method of review.
8. Only the employee affected may file a grievance or an appeal from levels one (1) and two (2).

5. Witnesses will be called individually by the grievant and administration to testify before the Board. The Board may call additional witnesses and may authorize witnesses being called as a group.
6. The grievant and Administration may ask questions of the witnesses during the time they are testifying.

ARTICLE XI STUDENT TEACHER REIMBURSEMENT

Money received by the school district for accepting a student teacher will be paid to the cooperating classroom teacher.

ARTICLE XII WRITTEN COMMUNICATIONS

District administrators shall receive copies of all written communications that are distributed on school properties by the Teachers' Association.

ARTICLE XIII HIGH SCHOOL SCHEDULE

Council Grove High School operates on a trimester schedule that utilizes a five-period day, plus a seminar period of not more than 30 minutes.

- I. Should either the BOE or the high school faculty feel a change in the high school schedule is warranted, then the process for change can be initiated as follows:
 - a. The BOE can initiate the process by a majority vote in open meeting to form a schedule committee;
 - b. The high school has two methods to initiate the formation of a schedule committee which then must be approved by the Board of Education for the process to begin.
 - i. The principal, assistant principal, and high school counselor make a proposal to the BOE;
 - ii. A minimum of 1/3 of the high school faculty must bring a proposal, including the reasoning for a change and a goal to be achieved to the faculty as a whole. At least 50% of the faculty must agree to the proposal in order for it to be presented to the BOE for their approval.

Any proposal for a schedule change must include a detailed description of a specific problem or problems that will be solved by a change. The proposal may also include a specific suggestion for a general schedule change (block, modified block, seven period day, etc).

When considering the question of forming a schedule committee, the BOE, with assistance of the school administration/counselor, must determine whether the proposed need for a change requires an adjustment to the existing schedule or a complete change of schedule. If an adjustment to the existing schedule is sufficient to solve the problem, then a schedule committee is not needed.

- II. The schedule committee shall consist of a representative for each subject area (ELA, Science, Social Studies, Sped, Fine Arts/Spanish, CTE/PE, Math), a high school administrator, the high school counselor, and up to two representatives of the BOE. One of the subject area representatives will be a Teacher's Association member.
 - a. The purpose of the committee is to develop an alternative schedule that they believe solves the identified problem. The committee will then examine the pros and cons of both the current schedule and the alternative schedule by answering the following questions:
 - i. How will a schedule change address the identified problems?
 - ii. What are additional benefits and strengths of the proposed schedule?
 - iii. What will be lost due to a change from the current schedule?
 - iv. What new problems might the proposed schedule create?

- III. At the conclusion of committee work, the schedule committee will present to the full Board and provide a recommendation for best solving the problem(s) in order to benefit student learning. The pros and cons and the recommendation will be documented for reference. The BOE will vote to keep the current schedule or adopt the recommended schedule.

ARTICLE XIV REDUCTION IN FORCE

A. The Kansas Constitution and Kansas statutes assign Boards of Education the responsibility for determining the composition of professional staff necessary to maintain the educational programs of Kansas school districts.

Decreasing enrollments, limited financial resources, changes in educational program needs, or other circumstances may require the number of professional employees employed by the district to be reduced.

Any decision to reduce professional staff in USD 417 will, in all cases, be at the discretion of the Board of Education. Normal attrition (resignations, retirements, and leaves of absence, etc.) will serve as the first means of achieving needed staff reductions. In the event further reduction in professional staff is necessary, it shall be accomplished in an orderly and non-discriminatory manner as provided by this agreement. The Board of Education may retain any professional employee who it deems is necessary to staff district programs including curricular, co-curricular, and extra-curricular programs of the district.

B. Definitions: For purposes of this agreement, terms shall be defined as follows:

- Teacher: Any employee assigned to a position requiring a certificate issued by the State Department of Education, but

excluding positions requiring administrative certification.

- Temporary teacher: Any licensed employee who is on a non-continuing contract. i.e., substitute teacher.
- Part-time: Any licensed employee who is assigned less than a full school day or less than five days per week.
- Probationary teacher: Any licensed teacher who has not gained tenured status with USD 417.
- Permanent status teacher: Any licensed teacher who has gained tenured status with USD 417.
- Seniority: the period of most recent continuous employment with USD 417.
- Subject area: the general curricular area such as mathematics, English, social science, etc.
- Grade level: elementary (K-6), secondary (7-12).

C. Procedure: Once the Board of Education has determined that a reduction in professional staff is necessary, and that said reduction cannot be accomplished within the required time frame by normal attrition, the following procedures will be initiated:

1. The administration will recommend to the Board of Education the curricular areas and/or grade levels where reduction in staff will best address the interests of district students and needs of the school district.
2. All licensed employees will be advised of the reasons for the impending reduction in staff and will be reminded of the procedures and considerations to be used in determining which professional employees will be placed on involuntary leave of absence.
3. After determining which grade level or levels require a reduction in force, the Board of Education will consider lay-offs in

the following sequence:
temporary teachers;
probationary part-time teachers;
permanent status, part-time teachers;
probationary full-time teachers;
permanent status, full-time teachers.

Permanent status, part-time teachers will be offered full-time positions, if positions for which they are licensed are available.

4. Concurrent with the sequential considerations listed above, the following non-prioritized factors will be considered by the administration in determining which teachers shall be recommended for involuntary leaves of absence:

- a. Seniority;
- b. Teaching experience within the district in specific subject matter areas and/or grade levels;
- c. Teaching performance per formal evaluations;
- d. Certification and transcript correlation to required assignments;
- e. Evidence of recent professional development;
- f. Assignability to required curricular, co-curricular, and extra-curricular programs.

D. Recall: If a professional employee on involuntary leave of absence is re-employed by the district, said employee shall be placed on the salary schedule according to experience and training with all accumulated leave and other benefits accumulated prior to the leave of absence.

Acceptance of employment with another district during the period of involuntary leave of absence will be considered a forfeit of recall opportunities in USD 417.

E. Miscellaneous: Professional employees on involuntary leaves of absence will be given preference for substitute teaching positions with the school district.

No professional employee on involuntary leave of absence will be entitled to compensation from the district, except for the performance of specific employment duties.

No action may be taken under this agreement if it will result in a violation of federal, state, or local laws.

ARTICLE XV SPRING VACATION

Five (5) spring vacation days will be designated in each school calendar. If, during the school year, the number of hours of student contact time should fall below the state requirement, the spring vacation can be decreased to compensate for the lost time up to a maximum of two days.

ARTICLE XVI ADMINISTRATION OF THE MASTER CONTRACT

Administration of negotiated agreements is the responsibility of both the Board of Education and the Teachers Association. To address this joint responsibility, fall workshops will be conducted each year to ensure that all participants in the agreement understand the contents of the Master Contract. The superintendent of schools shall conduct said workshop for members of the Board of Education and all district administrators. Officers of the Teachers' Association will conduct said workshop for all non-administrative licensed employees of the school district.

Article XVII RETIREMENT BENEFIT PROGRAM

The purpose of this program is to assist teachers by providing an incentive for licensed employees to save for their respective retirement. This plan shall comply with all retirement program requirements as set forth by the federal government and the State of Kansas.

Definition –

- “Salary” shall mean pay received by a licensed employee based on the licensed employee’s salary and wages on their W-2 document.
- “Vested” – The point in time in employment in which the dollars contributed by the district to an employee’s retirement fund are fully and unconditionally guaranteed to the licensed employee. In the years that an employee is not fully vested and the employee contributes to the retirement program as spelled out below, USD 417 shall also make such contributions.

There are three classifications (tiers) of teacher employees participating in the district’s retirement program.

Tier 1: Those employees who have were hired by USD 417 whose Employment Commencement Date with the Employer as a licensed teaching Employee is prior to January 1, 1995, the Employer shall make an Employer Non-elective Contribution in the amount set forth in Article XVII on the Exhibit 1 attached to this Addendum.
