

When there is a COVID-19 case at USD 417 Public Schools

USD 417 WILL

Work with Public Health to identify close contacts when there is a positive case. The school will immediately begin notifying close contacts.

Perform extra cleaning and sanitation in areas deemed necessary to mitigate risk.

Monitor symptoms of students and staff.

Continue to provide pertinent health information to families.

Send students and staff home when they are ill at school

For any COVID-19 cases that may arise in the district, we will consult with and follow directions from the Morris County and Wabaunsee County Public Health Departments and provide the necessary notification on a case-by-case basis.

USD 417 WILL NOT

Personally inform parents/guardians of a positive case unless identified as a close contact. Please refer to the USD 417 COVID-19 dashboard for weekly updates.

Provide personally identifiable information of an infected person (name, grade level, or class information) to students, staff, or the community.

Immediately close schools for one positive case.
